

Hi [Student Name],

Thank you so much for signing up to be an ambassador for Where is the AED! We're thrilled to have you on the team.

Our mission is very simple-

Save lives by ensuring all high school students know these THREE facts-

1. WHERE the AED is
2. WHAT the AED is
3. HOW to use it (just turn it on!)

Next step:

1. Open the checklist attached to this email and get started at your school!
2. Start by surveying a group of students at your school so you can show the impact you've had on your community
3. Recruit friends at other schools to become ambassadors to help spread our message
4. If you have any questions or need ideas on how to get started, see our FAQ page on the website

We're so grateful for students like you who are willing to step up and help make schools safer. If you have any questions in the meantime, just reply here.

Thanks again for joining us,

Gianna Digiaro and Josh Carlisle
